## **The Amenity-Filled Olara Residences Emerge As One Of West Palm Beach's Most Desirable Addresses**

by [Haven Team](#)

Olara is a gorgeous multi-building residence on over four acres of property, with a picturesque architectural design, an idyllic location in West Palm Beach, and some of the most incredible amenities you'll find. Residents enjoy sweeping views of the Intracoastal Waterway, Palm Beach Island, and the Atlantic Ocean. The 26-story building's design, envisioned by developer Savanna and designed by Arquitectonica, is inspired by the life and flow of the surrounding water. Floor-to-ceiling windows and expansive terraces create an ideal indoor/outdoor living experience, and elegant interiors with high-end finishes from the team at Gabellini Sheppard Associates bring a sense of calm and ease.

Aiming to connect its residents with South Florida's pristine landscape and year-round warm weather, Olara offers 80,000 square feet of indoor-outdoor amenities exclusively for residents. It hosts various spaces to work, including a large and sophisticated lobby, private offices, and conference spaces. For convenience, a dedicated resident manager and concierge, doorman, valet, and porter services are available 24 hours a day.

The Wright Fit designed Olara's 13,000-square-foot, indoor-outdoor, world-class fitness and wellness center, which includes an open-air yoga deck, mat Pilates, performance training lanes with turf, a regeneration spa, and a Japanese-style hot bath. It also offers cold plunge pools, saunas, a recovery zone, and more. A wraparound terrace facing the water is perfect for taking a breather and enjoying the stunning scenery.

Olara also has a sports simulator, a game room, and two pools, including a lap pool and a gorgeous leisure pool with private cabanas. At the pool area, residents can have a refreshing drink at the waterfront veranda with a juice bar, take advantage of poolside dining services, and walk toward the coast to see views overlooking the Intracoastal Waterway. Leaving the residence to get on the water is easy; the building has a private marina with six slips and a houseboat for exclusive use by residents.

For those seeking a life of comfort for the mind, body, and soul, where a world of incredible amenities is just steps away, few buildings in the country can match the sheer scale of offerings that Olara provides. With plenty of luxurious amenities, Olara distinguishes itself as one of the West Palm Beach area's leading luxury living options.
